**Great Rates
Great Services**

Your Credit union has the best loan rates for new and used cars! The credit union continues to offer low rates for financing the car of your dreams, either new or used. Rates are at an all time low for cars and pricing by the dealers makes buying a new or used car almost to hard to resist!

Add the bonus that your credit now offers Mechanical Repair Insurance at lower premiums and better coverage than the dealers. You can drive that new car with the knowledge you are covered if your car should require a major repair AFTER your initial dealer coverage has lapsed.

Contact our loan department and receive information on this great coverage. AND, Mechanical Repair Insurance can be purchased for your used vehicle as well.

AND THEN ...

After your purchased that new car with little money down, if you should have an accident and your car is totaled and your insurance company says, your car is worth less than what is owed, your credit union also offers GAP (Guaranteed Asset Protection) insurance at a low premium. This coverage could pay the difference between what you owe and the value of the car.

Yes, your Credit union has you covered with the right insurances and the right loan.

There is no place like
your credit union to
save and to borrow.
