Credit/ Debit Card Security Reminder

The credit union would like to remind you that we will never call you over the phone or email you to ask you for your credit or debit card numbers. Also, we will never ask you for the security code from the back of your card.

Never give your credit or debit card information to anyone who calls, instead ask for their name and phone number to call them back to verify they are from the company they are representing. If they are calling from a reputable legitimate company, they will be happy to allow you to call them back to provide payment information.

Often, fraudulent activities occur more during the holidays because everyone is rushing around in a hurry and dishonest people will take advantage of that. Safeguard your self against dishonesty.

If you think you may have been a victim of fraudulent dishonesty, please call the credit union right away so we can block those charges from your account.

Go Green with E-Statements
